

Holiday Workshops

Are you looking for a stimulating environment where your child can extend their learning beyond the classroom?

Week 1 Monday 25th September – Friday 29th September

Week 2 Tuesday 3rd October – Friday 6th October

9am-3pm | \$200 per day

MONDAY

Excursion (week 1 only)

Children's Museum – STEM Workshop

Our day begins with a trip to a children's museum! Children will take part in an educator led STEM workshop, where the K-Y2s will record the day through photographs and the Y3-6s will begin researching their chosen focus area.

TUESDAY

Incursion (week 1 and 2)

Discoverer's Den

Dragon's Den is coming to Discover Learning! In this exciting workshop, children will become budding entrepreneurs as they design, create and sell their very own products. Armed with persuasive techniques, they will present their innovative ideas to the friendly dragons.

WEDNESDAY

Incursion (week 1 and 2)

Outstanding Operations

Children will boost their mental math recall through a series of competitive games involving addition, subtraction, multiplication and division. The challenges will be tailored to your child's personalised learning targets, ensuring an enriching and enjoyable experience for all.

THURSDAY

Incursion (week 1 and 2)

Science Experiments

K-Y2 Through the 'Rain Cloud in a Jar Experiment', children will investigate the physical changes and reactions that happen as clouds form within the atmosphere. Children will be encouraged to plan, predict and draw their own conclusions,

Y3-6 – Through 'Ink Chromatography', children will try to find out, 'Who wrote the mysterious note?' Children will be experimenting with how to use chromatography to separate coloured pigments in pen ink.

FRIDAY

Excursion (week 1 and 2)

Wild Play Centennial Park – Park Art

After exploring the Ian Potter Children's Wild Play Garden, children will be introduced to the renowned environmental artist, Andrew Goldsworthy. In collaborative learning groups, children will collect their very own natural resources to design and craft their own masterpieces.

Call or email to secure your child's place.
